IN THE MATTER OF The Labour Relations Code and a dispute between Buffalo Trail Public Schools and Canadian Union of Public Employees, Local 1606 (1617-MED2)

On December 6, 2024, I was appointed as the Mediator under section 65 of the Labour Relations Code for this bargaining dispute. The parties met for mediation on January 27 and 28, 2025. They resolved some non-monetary items but were unable to resolve the outstanding monetary items. The Employer presented a revised monetary proposal. The Union reiterated its opening monetary proposal and declared there was an impasse.

I have reviewed the parties' proposals and I am of the view that the parties are too far apart for me to recommend terms of settlement at this time. Therefore, under section 65(6) of the Labour Relations Code, I hereby notify you that I do not intend to issue recommended terms of settlement for this dispute.
